WARNING
 To reduce the risk of fire or electric shock, do not expose this apparatus to rain or moisture.

To reduce the risk of fire, do not cover the ventilation opening of the appliance with newspapers, tablecloths, curtains, etc. Do not expose the appliance to naked flame sources (for example, lighted candles).

To reduce the risk of fire or electric shock, do not expose this apparatus to dripping or splashing, and do not place objects filled with liquids, such as vases, on the apparatus.

Do not install the appliance in a confined space, such as a bookcase or built-in cabinet.

Do not expose the batteries (battery pack or batteries installed) to excessive heat such as sunshine, fire or the like for a long time.

If your skin touches this product for a long time when the power is on, it may cause a low temperature injury.

To prevent possible hearing damage, do not listen at high volume levels for long periods.

The validity of the CE marking is restricted to only those countries where it is legally enforced, mainly in the countries EEA (European Economic Area).

Notice for customers: the following information is only applicable to equipment sold in countries applying EU directives
 This product has been manufactured by or on behalf of Sony Corporation, 1-7-1 Konan Minato-ku, Tokyo, 108-0075 Japan. Inquiries related to product compliance based on European Union legislation shall be addressed to the authorized representative, Sony Belgium, bijkantoor van Sony Europe Limited, Da Vincilaan 7-D1, 1935 Zaventem, Belgium. For any service or guarantee matters, please refer to the addresses provided in the separate service or guarantee documents.

Disposal of waste batteries and electrical and electronic equipment (applicable in the European Union and other European countries with separate collection systems)
 This symbol on the product, the battery or on the packaging indicates that the product and the battery shall not be treated as household waste. On certain batteries this symbol might be used in combination with a chemical symbol. The chemical symbols for mercury (Hg) or lead (Pb) are added if the battery contains more than 0.0005% mercury or 0.004% lead. By ensuring these products and batteries are disposed of correctly, you will help prevent potentially negative consequences for the environment and human health which could otherwise be caused by inappropriate waste handling. The recycling of the materials will help to conserve natural resources. In case of products that for safety, performance or data integrity reasons require a permanent connection with an incorporated battery, this battery should be replaced by qualified service staff only. To ensure that the battery and the electrical and electronic equipment will be treated properly, hand over these products at end-of-life to the applicable collection point for the recycling of electrical and electronic equipment. For all other batteries, please view the section on how to remove the battery from the product safely. Hand the battery over to the applicable collection point for the recycling of waste batteries. For more detailed information about recycling of this product or battery, please contact your local Civic Office, your household waste disposal service or the shop where you purchased the product or battery.

Elimination des piles et accumulateurs et des piles et équipements électroniques (Applicable dans les pays de l'Union Européenne et aux autres pays européens disposant de systèmes de collecte sélective)
 Ce symbole apposé sur le produit, la pile ou l'accumulateur ou sur l'emballage, indique que le produit et les piles et accumulateurs fournis avec ce produit ne doivent pas être traités comme de simples déchets ménagers.

Sur certains types de piles, ce symbole apparaît parfois combiné avec un symbole chimique. Les symboles pour le mercure (Hg) ou le plomb (Pb) sont rajoutés lorsque ces piles contiennent plus de 0,0005% de mercure ou 0,004% de plomb. En vous assurant que les produits, piles et accumulateurs sont mis au rebut de façon appropriée, vous participez activement à la prévention des conséquences négatives que leur mauvais traitement pourrait provoquer sur l'environnement et sur la santé humaine. Le recyclage des matériaux contribue par ailleurs à la préservation des ressources naturelles. Pour les produits qui pour des raisons de sécurité, de performance ou d'intégrité de données nécessitent une connexion permanente à une pile ou à un accumulateur, il conviendra de vous rapprocher d'un Service Technique qualifié pour effectuer son remplacement. En rapportant votre appareil électrique, les piles et accumulateurs en fin de vie à un point de collecte approprié vous vous assurez que le produit, la pile ou l'accumulateur incorporé sera traité correctement.

Pour tous les autres cas de figure et afin d'enlever les piles ou accumulateurs en toute sécurité de votre appareil, raportez-vous au manuel d'utilisation. Raportez les piles et accumulateurs, et les équipements électriques et électroniques usagés au point de collecte approprié pour le recyclage.

ADVERTENCIA
 Para reducir el riesgo de incendios o electricidad, no exponga el aparato a la lluvia ni a la humedad.

Para reducir el riesgo de incendio, no cubra la abertura de ventilación del aparato con periódicos, manteles, cortinas, etc. No exponga el aparato a fuentes de llamas al descubierto (por ejemplo, velas encendidas).

Para reducir el riesgo de incendios o electrocución, no exponga el aparato a goteros o salpicaduras ni coloque objetos que contengan líquidos como, por ejemplo, jarrones encima de este.

No sitúe el aparato en un espacio cerrado, como una estantería o un armario empotrado.

No exponga las pilas (baterías o pilas instaladas) a fuentes de calor excesivo como la luz solar directa, el fuego o similares durante un período de tiempo prolongado.

Si su piel entra en contacto con este producto durante un periodo prolongado cuando el producto está en funcionamiento, podría provocar una quemadura de baja temperatura.

Para éviter les risques d'incendie ou d'électrocution, n'exposez pas cet appareil à la lumière du soleil, au feu ou à d'autres sources de chaleur pendant une période prolongée.

Si votre peau entre en contact avec ce produit pendant une longue durée, cela peut provoquer une blessure due au froid.

Pour éviter les lésions auditives potentielles, n'exposez pas l'appareil à un volume élevé pendant une période prolongée.

Avís à l'intention des clients : les informations suivantes s'appliquent uniquement aux appareils vendus dans des pays qui appliquent les directives de l'Union Européenne
 Ce produit a été fabriqué par ou pour le compte de Sony Corporation, 1-7-1 Konan Minato-ku Tokyo, 108-0075 Japon. Toutes les questions relatives à la conformité des produits basées sur la législation européenne doivent être adressées à son représentant, Sony Belgium, bijkantoor van Sony Europe Limited, Da Vincilaan 7-D1, 1935 Zaventem, Belgique. Pour toute question relative au respect de la Loi de la Garantie, merci de bien vouloir vous référer aux coordonnées qui vous sont communiquées dans les documents « Service (SAV) » ou Garantie.

Tratamiento de las baterías y equipos eléctricos y electrónicos al final de su vida útil (aplicable en la Unión Europea y en países europeos con sistemas de tratamiento selectivo de residuos)
 Este símbolo en el producto, en la batería o en el embalaje indica que el producto y la batería no pueden ser tratados como un residuo doméstico normal. En algunas baterías este símbolo puede utilizarse en combinación con un símbolo químico. El símbolo químico del mercurio (Hg) o del plomo (Pb) se añadirá si la batería contiene más del 0,0005% de mercurio o del 0,004% de plomo. Al asegurarse de que estos productos y baterías se desechan correctamente, usted ayuda a prevenir las consecuencias potencialmente negativas para el medio ambiente y la salud humana que podrían derivarse de la incorrecta manipulación. El reciclaje de materiales ayuda a conservar los recursos naturales. En el caso de productos que por razones de seguridad, rendimiento o mantenimiento de datos sea necesaria una conexión permanente con la batería incorporada, esta batería solo deberá ser reemplazada por personal técnico cualificado para ello. Para asegurarse de que la batería será tratada correctamente, entregue estos productos al final de su vida útil en un punto de recogida para el reciclaje de aparatos eléctricos y electrónicos. Para las demás baterías, consulte la sección donde se indica cómo extraer la batería del producto de forma segura. Deposite la batería en el correspondiente punto de recogida para el reciclado de baterías. Para recibir información detallada sobre el reciclaje de este producto o de la batería, póngase en contacto con el ayuntamiento, el punto de recogida más cercano o el establecimiento donde ha adquirido el producto o la batería.

Deutsch

ACHTUNG
 Um Feuergefahr und die Gefahr eines elektrischen Schlags zu verringern, setzen Sie das Gerät weder Regen noch sonstiger Feuchtigkeit aus.

Um die Brandgefahr zu reduzieren, decken Sie die Ventilationsöffnung des Gerätes nicht mit Zeitungen, Tischdecken, Vorhängen usw. ab. Setzen Sie das Gerät keinen offenen Flammen (z. B. brennende Kerzen) aus.

Um Feuergefahr und die Gefahr eines elektrischen Schlags zu verringern, schützen Sie das Gerät vor Tropf- oder Spritzwasser und stellen Sie keine Gefäße mit Flüssigkeiten darin, wie z. B. Vasen, auf das Gerät.

Stellen Sie das Gerät nicht an einem Ort auf, an dem eine ausreichende Luftzufuhr nicht gegeben ist, zum Beispiel in einem engeren Regalfach oder in einem Einbauschränk.

Setzen Sie installierte Batterien bzw. Akkus nicht gegenüber längere Zeit übermäßiger Hitze, wie z. B. direktem Sonnenlicht, Feuer o. A., aus.

Wenn dieses Produkt im eingeschalteten Zustand Ihre Haut über längere Zeit berührt, kann dies zu einer Niedertemperaturverletzung führen.

Um mögliche Gehörschäden zu vermeiden, verwenden Sie das Gerät nicht bei voller Lautstärke über einen längeren Zeitraum hinweg.

Entsorgungshinweis: Bitte wenden Sie nur entladene Batterien in die Sammelboxen beim Handel oder den Kommunen. Entladen sind Batterien in der Regel dann, wenn das Gerät abschaltet und signalisiert „Batterie leer“ oder nach längerer Gebrauchsdauer der Batterien „nicht mehr einwandfrei funktioniert“. Um sicherzugehen, kleben Sie die Batteriepole z. B. mit einem Klebstreifen ab oder geben Sie die Batterien einzeln in einen Plastikbeutel.

Hinweis für Kunden: Die folgenden Informationen gelten nur für Geräte, die in Ländern verkauft werden, in denen EU-Richtlinien gelten

Dieses Produkt wurde von oder für Sony Corporation, 1-7-1 Konan Minato-ku Tokio, 108-0075 Japan hergestellt. Bei Fragen zur Produktkonformität auf Grundlage der Gesetzgebung der Europäischen Union kontaktieren Sie bitte den Bevollmächtigten Sony Belgium, bijkantoor van Sony Europe Limited, Da Vincilaan 7-D1, 1935 Zaventem, Belgien. Für Kundendienst oder Garantieangelegenheiten wenden Sie sich bitte an die in den Kundendienst- oder Garantiedokumenten genannten Adressen.

For all other batteries, please view the section on how to remove the battery from the product safely. Hand the battery over to the applicable collection point for the recycling of waste batteries. For more detailed information about recycling of this product or battery, please contact your local Civic Office, your household waste disposal service or the shop where you purchased the product or battery.

Eliminazione dei pile e accumulatori e dei pile e apparecchiature elettroniche (Applicable in the European Union and other European countries with separate collection systems)

This symbol on the product, the battery or on the packaging indicates that the product and the battery shall not be treated as household waste. On certain batteries this symbol might be used in combination with a chemical symbol. The chemical symbols for mercury (Hg) or lead (Pb) are added if the battery contains more than 0.0005% mercury or 0.004% lead. By ensuring these products and batteries are disposed of correctly, you will help prevent potentially negative consequences for the environment and human health which could otherwise be caused by inappropriate waste handling. The recycling of the materials will help to conserve natural resources. In case of products that for safety, performance or data integrity reasons require a permanent connection with an incorporated battery, this battery should be replaced by qualified service staff only. To ensure that the battery and the electrical and electronic equipment will be treated properly, hand over these products at end-of-life to the applicable collection point for the recycling of electrical and electronic equipment. For all other batteries, please view the section on how to remove the battery from the product safely. Hand the battery over to the applicable collection point for the recycling of waste batteries. For more detailed information about recycling of this product or battery, please contact your local Civic Office, your household waste disposal service or the shop where you purchased the product or battery.
